Due: Friday, August 23

Background Information:

A vision board is a collage or compilation of images, words, and phrases used to help clarify and motivate a person's goal. According to Forbes, some studies even show that "small business owners use visualization- pictures and idea boards to meet their entrepreneurial goals." With a vision board, which usually has images, photos, sometimes objects (a piece of fabric, a dried flower, etc.) and words, we are immersing ourselves in our goals, in a multi-sensory, experiential way--through words, ideas, vision and feeling. (Zimmerman 2016)
